

STRONG BOARD CONTROLS CLUB

Executive Committee of Bryan Organization of Salt Lake Chosen by Officers.

MEMBERSHIP IS GROWING

CAMPAIGN FOR NATIONAL TICKET IN UTAH IS BEGUN.

The Salt Lake City Bryan club yesterday completed its organization with the appointment by the officers of the remaining three members of the executive committee. With the three members appointed yesterday the executive committee consists of Will W. Ray, president; John F. Tobin, vice president; Will H. Leary, secretary; Perley A. Hill, treasurer; W. H. Dale, Joseph N. Stringfellow and Athol Rawlins.

The three last members of the committee were chosen at a meeting of the officers in the office of the president in the Atlas block yesterday afternoon. The details of the campaign in Utah were discussed at some length and a meeting of the full committee was called for next Tuesday evening. At this meeting committees on campaign, finance, publicity and speakers and such other subsidiary committees as the executive committee may decide upon.

Two Hundred Members.

The membership of the club is now nearly 200. Efforts are being made by the officers and members to increase this membership to 1,000 within a short time. To this end membership cards have been distributed among the members of the club, and it is urged that each secure as many members as possible.

Qualifications for membership in the Bryan club are so broad that any supporter of Bryan, no matter what his position in local politics may be, is eligible to join the club. Republicans, Democrats and "Americans" who believe that Bryan should be elected president will be welcomed as members. A membership fee of \$1 is charged. The money derived from this source is to be used only in the interests of the Bryan campaign in Utah.

Officers of the Club.

The officers of the Bryan club are representative young men of Salt Lake City. They are well known throughout the state, and each is a hard, earnest worker. Will W. Ray, the president of the club, is a prominent young attorney and an excellent public speaker. He was born and reared in Utah; his father was a member of the legislature from Millard county, and he himself was a candidate for the legislature from Salt Lake county two years ago. He is a graduate of the University of Utah and the law department of Ann Arbor.

John F. Tobin, vice president of the club, was a few years ago a star football player on the University of Chicago team. For the last few years he has been coach and director of athletics for All Hallows college in the city. He is a graduate of the University of Chicago law school, and is now practicing law in Salt Lake. His interest in clean sport has given him a wide public acquaintance through the state, and it won for him the presidency of the Utah state baseball league.

William H. Leary, the secretary, is also an attorney. He has lived in Utah for five years and is also well known throughout the state. He was the clerk of the police court from 1902 to 1905. During the campaign of 1904 Mr. Leary stumped the state for Parker. Mr. Leary is a graduate of Amherst and the college of law of the University of Chicago.

Perley A. Hill, the treasurer, is a well known Salt Lake business man. For several years he has been chairman of the state board of barber examiners, and in this capacity has made for himself an enviable record as a public official. He was born in Utah and has lived here all of his life. At the last city election he was the Democratic candidate for city recorder.

NEW PAPER STARTED.

Independent Republicans Issue an Anti-Smoot Publication.

The Christensen—or rather, the Politician, a weekly publication, the first number of which is almost exclusively devoted to the campaign of Parley P. Christensen, appeared yesterday. The publication is told through its editorials that it represents the interests of the Republicans of Utah and is opposed to the "slate making"—meaning, doubtless, the federal bunch. Its title page contains a reproduction of a photograph of Parley P. Christensen, the second page contains an auto—or perhaps it is just a biography of Mr. Christensen, the editorials with the exception of the greeting are attacks on

the character of the politics of the federal bunch—which, it may be said in passing, is opposed to Mr. Christensen. The new paper is a neat appearing sheet and will probably accomplish the purpose for which it seems to have been started—to make wider the breach between the independent Republicans and the Smoot crowd. Another purpose—or it may have been the only purpose—for the establishment of the weekly was evidently to promote the candidacy of Mr. Christensen for congress. Homer C. Kendall is manager of the new paper and J. G. Weaver the editor.

BOOM FOR JENNINGS.

James E. Jennings is being urged to become a candidate for the Republican nomination for the legislature, either house he prefers. Mr. Jennings is known as a liberal spender, and his most intimate friends say his nomination will practically solve the problem of financing the campaign in Salt Lake county for the Republicans.

NEW INDUSTRY FOR SALT LAKE

No More Smoke Nuisance—A New Fuel.

The Koala Fuel Manufacturing company, composed of local men, will erect a plant in this city to manufacture "koala," a briquette fuel. One ton of koala will produce as much heat as one ton of coal, and it is free from dust, having the striking advantage of being practically smokeless, free from dust and cinders, and very low in ash. They can be handled without getting one's fingers dirty, and do not smoke or deteriorate by exposure to the weather. This form of fuel is now used by every navy in the world except Russia, and Germany, where it is never seen, owing to a busy manufacturing city that cloud of dusty smoke so noticeable in our city, and which has become a persistent and oppressive nuisance. There are now fourteen flourishing factories in America, and new ones being erected each day.

Koala will cost no more than Utah lump coal, and will last nearly twice as long. The officers and directors of the local company are: Colonel N. W. Clayton, president; G. W. Golmberg, vice president; I. A. Clayton, treasurer; J. W. Wilson, secretary; J. H. Tracy, general manager; W. S. McCormick and Henry Sadler, directors.

The subscription books of the Koala Fuel Manufacturing company will open Monday, Aug. 24, for the allotment of 50,000 shares of treasury stock at \$1 per share. All orders must be accompanied with 25 per cent of the total subscription, and in event this block be oversubscribed, stock will be allotted pro rata. No more stock will be sold at this price, for said amount will complete the 250-ton per shift plant, on which 40 per cent profit is assured. The capital stock is 250,000 shares, par value \$1 each, full paid and non-assessable, of which 175,000 shares still remain in the treasury.

That the company may substantiate its claims and show you the opportunity for profitable investment in a conservative business, they extend a cordial invitation to call at their offices for full information, 14 West Third South street, Bell phone 4217. There are no speculative features, no prospecting for an unknown. "Koala" is a necessity. The market awaits the product.

JUST RECEIVED.

We have just received by express direct from the laboratories in Chicago a large supply of Maltzene, the wonderful discovery of a Chicago chemist for kidney troubles. We will be pleased to supply you with enough of this drug for 50c to make a full pint of kidney medicine.

INDIAN WARRIOR MEETS UP WITH PALEFACE BRAVE AND NIGHT STICK

"Of all the bloomin' bad Indians that ever I did see," Miss Lottie Vincent, who appeared last week at the Orpheum theatre, is quoted as ejaculating as she bolted in great confusion into the office of W. R. Winch, manager of the theatre, yesterday afternoon. Miss Vincent could not explain, but made the wildest sort of motions and pointed toward the door. Her manner and gesticulations would have made a great hit had they been portrayed on the stage. To Mr. Winch, however, they only conveyed the impression that the young lady had suddenly lost the use of her faculties or that something terrible had happened. Just as he was about to begin a tour of investigation the manager of the theatre saw a sight calculated to make his blood run cold and his hair stand about realized. There was an Indian about right. He didn't need any war paint to convince the manager of his belligerence. The feathers and blanket had been discarded for overalls and a jumper, but the warwhoops still remained. The tomahawk of the aborigine was replaced with the razor of his darker brother.

Manager Winch made no attempt to reason with the descendant of Iago, and took for granted the boasting of the brave without putting his bravado to the test. Before any gore was spilled "Denny" Sullivan, the big policeman, happened along. Previous experience had taught the Indian that the policeman and that the officer's club was most unpleasant to the brave. Therefore he fled. "Denny" is a sprinter, and besides, the moccasins-shod warrior was handicapped with an ill-controlled load of firewater, and though the race was not necessarily to the swift, "Denny" was an easy victor. As he neared the Indian the latter turned and endeavored to run the beauty of the big policeman with a slash of the razor. The Indian did not reckon on the foot movement of the officer, who gracefully sidestepped the slash and put the Indian down for the count with a left swing to the jaw. After that it was the bars and remorse for the brave.

The ceremony of initiating twenty-one new members of the Beta Epsilon chapter of the Sigma Chi took place on Antelope island yesterday afternoon under the direction of T. S. Nate of Jacksonville, Ill., and Charles Alling, Jr., of Chicago. After the ceremonies upon the island there was an installation banquet at the Knutsford hotel.

Frank J. Gustin acted as toastmaster. The speakers were George C. Armstrong, who spoke of "The Land of the Prophets and Profits;" Harold Robinson, "Mountain Tops;" Rev. Joseph C. Nate, "The Cross and Crosses;" J. C. McClain, "The Goats of Yesterday;" H. E. Havenor, "Beta Epsilon Chapter," and Charles Alling, Jr., "Sigma Chi."

CONVENTION ON SEPT. 26.

Few Republican Committeemen Meet and Issue Call.

The Republican central committee yesterday selected Sept. 26 as the date for the Republican county convention, and Sept. 23 was set as the date for the primaries. The primaries for electing delegates to the state convention will be held on Sept. 9. At the conclusion of the meeting, Chairman Hendershot referred to the fact that there was such a small attendance of the committeemen and suggested that at the next election men be chosen who would faithfully promise to attend all meetings. The small number present is taken by the Democrats to indicate the small amount of interest being taken in politics this year by the Republicans on account of the high-handed methods adopted by the machine.

ROBBED IN CITY JAIL.

Waiter Tells Thrilling Story of the Encounter.

William Ward, a waiter arrested on Friday for drunkenness, made the claim yesterday that he was set upon by prisoners in the city jail during Friday night and robbed of several dollars which he carried in his pocket. He said that he was still under the influence of liquor when three of his fellow prisoners set upon him and after striking him two or three times over the head took the money away from him.

OPERATORS ARE MARRIED.

Entire Telegraphic Force at Midlake Is Now One Family.

In the marriage of C. E. Kalk and Miss Ella Phillips a pretty little railroad romance was consummated yesterday. Mr. Kalk was day telegraph operator at Midlake, on the Ogden-Luch cutoff, and Miss Phillips was night operator at the same station.

Both are popular with the trainmen running over that portion of the road, and they have been the recipients of many valuable wedding gifts from the railroaders. The newly married couple will spend their honeymoon at the Kansas home of the bride, after which they will return and report for duty at the Midlake station.

BEAR SIGHTED NEAR EDEN.

Hunters and Bruin All Escape in Perfect Safety.

The first bear story of the season was brought to town by Peter Anderson and John Anderson, the city jailer, yesterday. The men were out hunting chickens along Wolf creek, five miles from Eden. A large cinnamon bear was sighted about 20 yards up the mountain side. Being armed with shotguns, they did not dare tackle the animal, which after looking them over carefully wandered off and disappeared in the brush. They contemplated organizing a party to go bear hunting within the next few days.

Foulger Company Organized.

Articles of incorporation of the Foulger company of Garland, Utah, were filed with the county clerk yesterday. The new concern has a capital stock of \$25,000 and will take over the business of the mercantile business. The officers are: Joseph B. Foulger, president; David B. Foulger, vice president; Herbert B. Foulger, manager; Burdett Smith, secretary, and Fred Foulger, treasurer.

Woman's Sudden Death.

Mrs. M. C. Sumner, wife of Austin Sumner, at 238 Twenty-ninth street, suddenly died yesterday morning. Mr. Sumner, who was at home, found his wife a few minutes later, returning from a walk. He was unable to get her up, and she died from heart disease. In addition to her husband, she is survived by four daughters and four brothers and sisters.
